

Step 1

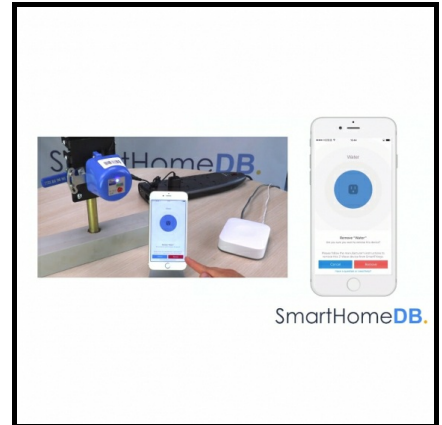

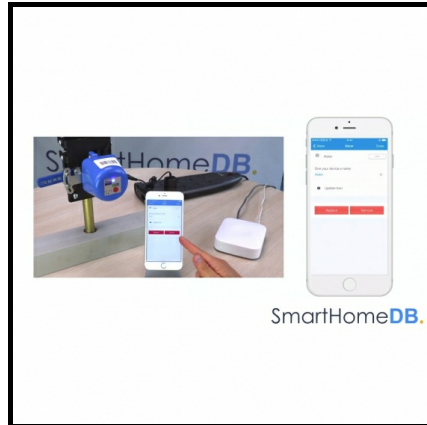

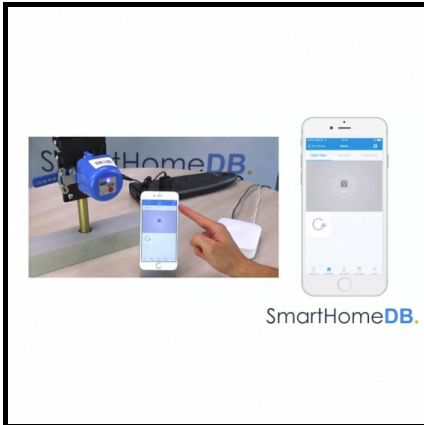

- Open the SmartThings App on your mobile device.

Step 2

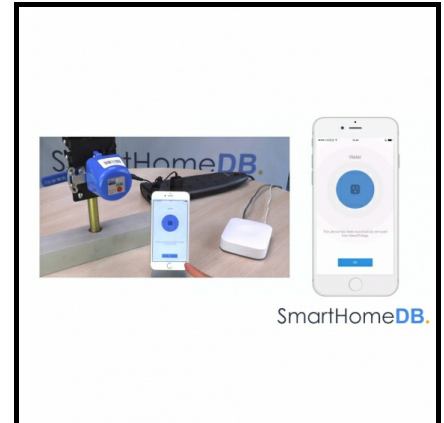

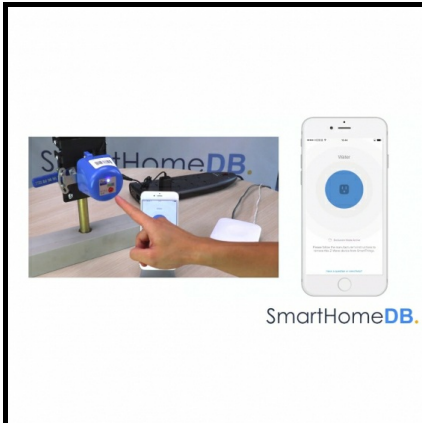

- Tap on 'My Home'.
- And tap on the thing which is associated with your EcoNet Valve Controller.

Step 3

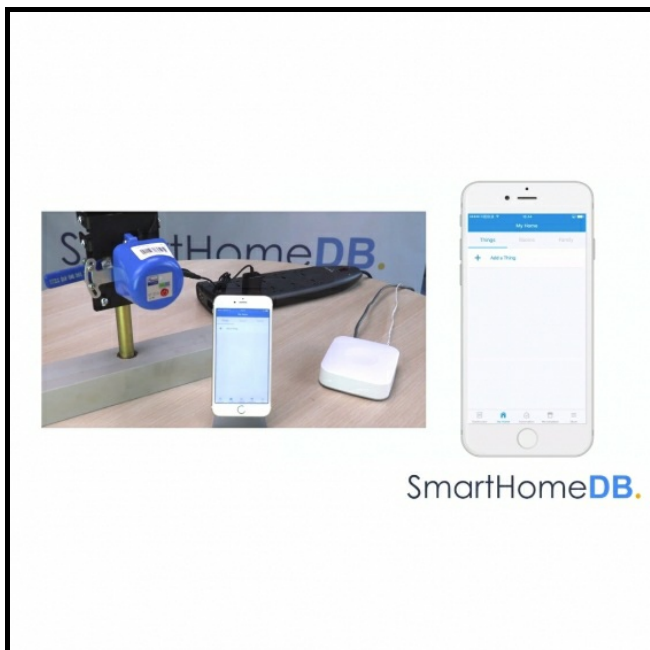

- Tap on the settings icon at the right top.
- And tap on 'Remove' on the following 2 screens.

Step 4

- Proceed by quickly pressing 3 or more times on the Power Button of the EcoNet Valve Controller.
- The SmartThings App will show a confirmation message that the device has been successfully removed from SmartThings.
- Tap on 'OK'.

Step 5

- You have hereby successfully unpaired the EcoNet Valve Controller from the Samsung SmartThings Hub.
